WE ARE RAHMANI GROUP.

A family company with more than 147 years of experience in the food business.

Coming from one of the agricultural pioneers, we have the ambition to combine healthy ingredients, traditional flavors, innovation and technology to create a deep connection between food, people and cultures.

A passion for farming, a love for sharing, an obsession for quality.

From day one, we cultivate the fruit of our land to bring people together with delicious food, rooted in the culture of ancient Persia and perfected with modern food science.

WELCOME TO THE GARDEN OF PERSIA.

The Garden of Persia has always been a magical place, that exists for real.

In fact, it was already mentioned in the Old Testament where it was defined as "Heaven on earth". The special diversified climates, the generosity of nature, the presence of clean water and the abundance of sunshine give life to fruit and vegetables with an intense and distinctive flavor. Real excellence, unmistakable typicality.

The garden of Rahmani Group.

No one respects the land more than those deeply rooted in it. As passionate gardeners, the family dedicates themselves to cultivation, growth, and harvesting. Seeking the best quality, the Rahmani family began producing healthy food, starting with dried raisins and pistachios.

OUR VALUES, OUR NOURISHMENT.

We grow with global reach, leveraging tradition, imagination and innovation. We think big and act with integrity and respect.

“My father was a farmer. He cherished his motherland with all his heart. He would spend his days in the fruit gardens and the vineyards of Narjabad in Maragheh to cultivate what he loved the most. I continued my father’s passion and his journey. Because of the love and commitment which I have towards the people of my homeland, all my efforts have been in line with introducing and providing my fellow Iranians and other nations around the globe, with products that have been cultivated here and have their roots arising from our enriched culture, because people deserve the best.”

Mohsen Rahmani - Founder

SAFETY, ETHICS AND QUALITY IN EVERY CHOICE.

**Our international certification,
our daily commitment.**

Nobody respects this land more than someone who has deep roots in it. This is why the Rahmani family works respectfully for nature and workers, guaranteeing the highest ethical, safety, and quality standards.
